Re: Request for Proposals
Solicitation No. 0977-2022-0071
Service: Substance Abuse

Dear Program Administrator:

The United States Probation/Pretrial Services Office for the District of Montana is soliciting proposals to provide for male and female Federal defendants/offenders who are drug dependent, alcohol dependent, and/or suffering from a psychiatric disorder.

These individuals include persons on probation, supervised release, or parole, who are under supervision of the United States Probation Office. This group could also include inmates in the United States Bureau of Prisons who are residing in federal or contract community treatment centers, as well as persons on Pretrial status under the supervision of United States Pretrial Services.

Enclosed is a Request For Proposal (RFP). The RFP contains the full text of all applicable Government regulations, and all offerors are subject to the provisions contained in the RFP. In responding to the RFP, you should answer fully each item and supply all information requested. Section "L" provides specific directions for potential vendors in completing their proposals. All proposals will be evaluated by the criteria identified in Section "M."

The RFP for this geographic solicitation area has been posted to our agency's public website directly at <https://www.mtp.uscourts.gov/vendor-information>.

If your agency does not have internet access, please contact the undersigned contracting officer at the contact information listed below and you will be mailed a hard copy of the RFP. Be advised the other FY 2022 RFPs for treatment services for other geographic areas have also been posted to our public website and you are more than welcome to submit proposals for those services as well.

Proposals will be awarded on the basis of initial offers submitted, and each initial offer should contain your organization's best terms from a price and technical standpoint. There will be no additional opportunity to modify your proposal.

Please read the RFP carefully; do not rely on knowledge of previous RFPs, or knowledge of previous federal procurement procedures.

A vendor must be capable of providing all services identified in Section "B" and within the geographic area identified in Section "B."
