2. In addition to the aforementioned drugs and cut-off levels, the District of Montana will also consider NIDT devices that include any combination of the following drugs with preferred cut-off levels:

Tramadol	200 ng/ml
Benzodiazepines	300 ng/ml
MDMA	500 ng/ml
Methadone	300 ng/ml
6-AM	10 ng/ml
K2	20 ng/ml
PCP	25 ng/ml
Kratom	300 ng/ml
Ketamine	300 ng/ml

3. The vendor selected will be based on the following criteria:
- a. The total number of NIDT devices the vendor is able to supply for \$25,000.
4. The vendor will confirm:
- a. They can deliver the devices to the District of Montana within 14 days of award.
 - b. The priced quotes include shipping/delivery.
 - c. They are able to ship the devices to the five USPO locations in Montana (Missoula, Helena, Billings, Great Falls, and Glasgow).
 - d. The NIDTs have integrated temperature strips and adulteration panels.
5. U.S. Probation & Pretrial Services is unable to pay for products/supplies in advance. The vendor will submit invoices after the supplies have been delivered.

Quotes and questions concerning this RFQ should be addressed to Eric Buehler, United States Probation, District of Montana.
